Re: Community Services Advisory Commission - Items of Interest

Background

The following is the "Items of Interest" list for the reconfigured Community Services Advisory Commission (CSAC). This list is a combination of those items of interest previously proposed by both PRAC and CSAC, prior to the merger of the two commissions. This information was reviewed by CSAC members during their May meeting.

1. Review public art guidelines (carry-over from 2012)
2. Work with City staff on planning alternate options for park playground renovations/replacements
3. Explore possible new locations for fishing piers within the parks
4. Explore the benefits and costs of artificial turf for sports fields within the parks
5. Follow-up regarding retention/detention basins (previous reviewed by CSAC)
6. Review storm water educational campaign materials and provide feedback on the impact of those elements that have been implemented to date
7. Review the City's Green Fleet Policy (carry-over from 2012)
8. Presentation regarding progress on Bicycle Advisory Task Force recommendations

Recommendation

Staff is recommending approval of this list as presented.
